[illegible]

A meeting of Methodist Episcopal clergymen was held on Monday in Boston, when Dr. Cobleigh, who represents a newly established college at Athens, Tenn., said he had had an interesting interview with Governor Brownlow on the state of political parties. The Governor, who is a devoted Methodist and loyalist, read to him the proclamation convening a special session of the legislature for the purpose of calling out the entire State militia for the suppression of the Ku Klux Klan. Last winter, the State Legislature deprived the Governor of nearly all his executive power and crippled his energies. He now proposes to fight the Klan to their extermination. This Ku Klux organization Dr. Cobleigh regards as no myth. From all that can be gathered of its nature (and some important papers of the Klan have been discovered at Knoxville), its prime object is to rid the South of Northern loyalists and to intimidate and ultimately disfranchise the negro. The first they accomplish by the well known mysterious letters, and the latter is working to development under the administration of Johnson. Dr. Cobleigh believes that no Northern man, of loyal heart, can be safe at the South until the inauguration of Grant and Colfax. Governor Brownlow would have been murdered long ago, were it not for the radical sentiment of Knoxville, which would wreak a horrible vengeance on the criminal desperadoes. As for himself he always kept a revolver under his pillow and a musket within arm's reach of his bed, and despite warnings, threats and cabalistic letters of thieves, murderers, rebels and outlaws (terms synonymous with Ku Klux Klan) should die in defense of his rights and expression of his fealty to our Union, rather than submit to a mere passive existence.

The Yosemite Valley.

The Yosemite Valley, according to the survey made by the California Commissioners, contains 1,141 acres, of which only 745 are meadow land. The Commissioners say that the land selected by the "squatters" are the very best in the valley, and, if they obtain uncontrolled authority over them, all hope is forever gone of any satisfactory carrying out of making a great National Park. The Commissioners are also unanimously agreed as to the impropriety of cutting down the superb natural forests of the valley, and replacing them by apple orchards, or of cultivating the Yosemite into a cattle ranch—both those plans being advocated by the squatters. They regard the exquisite wild flowers of the valley as too precious to be sacrificed.

PAY OF THE NEW SENATORS.

Funding Bill Passed in Senate.

Alex. Cummings for Revenue Commissioner.

CLOSING SCENES IN CONGRESS.

Special Dispatch to the Commercial.

WASHINGTON, July 26, 1868.

Pay of Southern Senators.

The question of paying the Southern Senators, was finally, after a long and acrimonious debate, settled by giving them compensation only from the time when bills were passed, about a month ago, admitting their States to representation. They are much disappointed in not getting pay from the beginning of this Congress.

The Funding Bill,

As it came from the Conference Committee this evening, was agreed to in the Senate without division, after ten minutes explanation by Mr. Sherman. The general opinion is that it will be accepted to-morrow morning. The conversion into new bonds is optional and not obligatory.

Personal Explanation.

Senator Henderson, at the session of the Senate this evening, made a lengthy personal explanation on impeachment, and criticised the investigating committee's recent report on that subject in very severe terms. He called Butler who got up the document, a malicious falsifier and read letters from several gentlemen denying that they gave such evidence as Butler professed to quote. Butler is preparing a reply, which he will make in the House to-morrow.

The Alabama Senators.

Both the new Senators from Alabama have been sworn in, Spencer on Saturday evening and Warner this evening. Both were obliged to take seats on the Democratic side. All on the other side of the chamber are full.

New Nominations.

There was a pretty large lobby at the capital to-night to look after nominations. The most important of those sent in by the President were Simon Johnson, a lawyer of this city, for Assistant Secretary of the Treasury; General Rosecrans, for the Mexican mission, and Alex. Cummings, a prominent citizen of Philadelphia, now an Assessor there, and formerly Governor of Colorado, for Commissioner of Internal Revenue.

Two Hundred Bills Signed.

During the evening the Senate acted on several Indian treaties, and received word from the President that he had to-day signed over two hundred bills and joint resolutions.

The Closing Scenes.

Senator Wilson says there has not been an adjournment for fourteen years when the closing scenes were so quiet and orderly as on this occasion.

Will be Confirmed.

Rosecrans will be confirmed to-morrow. Cummings and Johnson will probably be rejected.

The Adjournment.

Both Houses meet to-morrow at nine, and at noon adjournment takes place. The indications are that there will not be any need for a special executive session of Senate.

BALTIMORE.

The Losses by the Flood.

BALTIMORE, July 25.—The losses by the flood yesterday, will foot up several millions of dollars. The following firms are among the sufferers: Heald & Co.'s tannery, $20,000; Denmans & Son's machine shop, $5,000; Armstrong & Co., soap and candle factory, and Hartial, Woods, Weeks & Co., sugar refinery, $30,000; Fisher Brothers, importers, about $10,000 in sugar and molasses. Bentley, Larabee & Co.'s iron foundry gave way, and the west walls fell, causing a heavy loss. Many private houses were more or less damaged; also Warfield & Co.'s Monument Flour Mills. A large quantity of sugar and molasses on the dock was washed away and destroyed. A number of wharves were partially washed away, involving heavy damage. A number of streets were badly damaged, being washed in deep gullies by the current. Nine bridges over Jones's Falls, on different streets, were swept away. At Ellicott's Mills the destruction of life and property is great. Thirty houses were swept away, some containing families who were carried with the current and drowned. Several bodies have been recovered to-day at and near the Relay House, about eight miles below. The following are reported drowned at Ellicott City: William Patterson, wife and son, Mrs. Farren and two grand children, Fanny and Emma Duval, William Reese, wife, son and daughter, the family of Dr. Owens, and a number of others, names not given.

The losses of property at Ellicott City are: Gambrell's Lower Patapsco flour mill was entirely swept away, and the upper mill partially destroyed. The Granite cotton mill of Benj. Defard, some of the walls of which were twenty feet thick, and which cost one hundred and sixty thousand dollars, is a total ruin. Gray's large cotton factory is also considerably damaged. The Union cotton mill, half a mile above Ellicott City, was badly damaged and much cotton lost. The stores of George C. Bradley and Joseph H. Lishan, with all their goods, were swept away. The Avalon Mill and iron works, near the Relay House, were swept away.

Several days must elapse before an accurate estimate of the loss can be made. The loss of life in Baltimore city is not positively known to exceed four; only that number of bodies yet found. There is no doubt that some were swept into the river.

BALTIMORE, July 26.—The number of persons missing and drowned from Ellicott City, as received at the offices of the city papers tonight, reached thirty-seven. The number drowned and missing in Baltimore is six. Long bridge, spanning the Patapsco from the foot of Light street to Anne Arundel shore, is blocked up with debris of the flood. The river surface for several acres is jammed with wrecks of over thirty houses, all kinds of moveables, factory fixtures, boilers, parts of engines and every species of property. Nearly two hundred bales of cotton have been taken out of the mass. The railroad track through Pratt street is rejoined, and through trains from Washington for the North pass through the city on flats below Relay House. Eight dead bodies were recovered to-day, and nine yesterday, most of whom were recognized by friends and relatives from Ellicott City. The bodies were of persons from four to sixty years of age, and stripped of every particle of clothing. They were all taken to Ellicott City for interment.

Richland, Ohio, Central Grant Club.

Special Dispatch to the Commercial.

MANSFIELD, O., July 25, 1868.

The campaign was opened in Richland county last evening, on the part of the Republicans, by organizing a Central Grant Club in this city. At an enthusiastic meeting held in Miller's Hall, John Wood was elected President of the Club; H. C. Hedges and John Kline Vice Presidents, and S. W. Myers, Secretary. A large number of names were signed to the constitution. L. B. Watson made the first speech before the Club, which was received with many demonstrations of applause. The Club will meet regularly from now till election, and speakers will be provided for its meetings. Clubs auxiliary to the Central Club will be established at once in each township. The Republicans of Richland country propose to make a vigorous and active campaign.

Two Prisoners Assault an Officer.

Special Dispatch to the Commercial.

MOUNT VERNON, O., July 25, 1868.

Constable Hunt arrested two men yesterday named Sturz and Walker for some minor offense. As they lived about a mile from town, Mr. Hunt rode out, carrying a shot gun with him for game. The men agreed to walk to town. After walking a short distance, Walker seized the horse by the bridle and Sturz caught hold of the muzzle of the gun and jerked it out of Hunt's hands. In so doing the trigger struck the pommel of the saddle, discharging the contents of the gun into his (Sturz's) own thigh, inflicting a severe wound. Walker then threw a stone, hitting Hunt on the side of the head, and escaped. Walker was arrested to-day.

THE maidens of Chicago have learned a trick or two from the married women as to the power of the courts. One of them kept her betrothed on his good behavior by threats of a suit for breach of promise. If he was absent from her for two days there came a note: "Darling—If I do not see you in two hours I shall commence the suit. Thy adoring Marion." Naturally he went. If she wished to go to a concert, and he did not profess a willingness to escort her, there came a note: "My Own Thornly—The papers are in the hands of a lawyer. Faithfully yours." The youth endured all this until she insisted on his taking a class in an infant Sunday school and cut off his imperial. Then he had her arrested for disorderly conduct.

Dissolution of English Parliament.

ANNUAL REVIEW OF VOLUNTEERS.

Debate on Franco-Mexican Bonds.

Political Riots in Prague.

Dissolution of Parliament.

LONDON, July 25.—The attendance in the House of Commons to-day was very slight, as the dissolution of Parliament is expected next week.

Naturalization.

DARMSTADT, July 25.—Hon. George Bancroft, American Minister here, is urging the Grand Ducal Government to enter upon a naturalization treaty with the United States.

The Servian Succession.

LONDON, July 25.—Advices from Belgrade state that the Sultan of Turkey has confirmed the succession of Milan to the sovereignty of Servia.

Volunteers Reviewed.

The Grand Annual Encampment of Volunteers, at Wimbledon, was brought to a close today. The prizes for skill in marksmanship were awarded by Lord Napier, of Magdala, who also reviewed the volunteers. The Prince of Wales, Prince Alfred and Mr. Longfellow, the American poet, were among the distinguished persons present, while immense crowds of nobility and people generally were in attendance. Lord Napier was enthusiastically received and repeatedly cheered. There were about ten thousand men in line of review, and they presented a very fine appearance. The weather is clear and pleasant, but intensely hot.

The Mexican Bonds.

PARIS, July 25.—The Corps Legislatif had a long, exciting debate last evening, on the question of Mexican bonds. M. Rouher, in his speech, denied that the collection of Jecker bonds had any share in the cause of the Mexican war. Jules Favre, in reply, insisted that it was the main cause, as their creditors were the only ones who had received any pay. M. Rouher replied that the French Government only protected the Jecker bonds in French hands. The bonds paid were paid by Maximilian, and France prevented other payments. M. Favre demanded the names of those who received their pay.

Political Riots.

VIENNA, July 26.—Political riots took place in Prague last week. The garrison of the city has been increased and quiet restored.

Alexander of Russia.

BERLIN, July 26.—Emperor Alexander, of Russia, has gone to Gissingen.

Expedition to the North Pole.

LONDON, July 26.—The Germania, Captain Caldeway, which left Bergen, Norway, for the North Pole, on the 7th of May last, was spoken in latitude 72. All on board were well.

Austria.

VIENNA, July 26.—At a grand banquet given by the National sharpshooters, who have been holding their annual festival here, Herr Goskra said the present ministry took office with the expectation that when the administration of the Empire was freed from the claims imposed by the lack of intelligence and from the obligations of disastrous treaties, Austria would surely enter upon a career of unexampled prosperity.

Indemnity.

PARIS, July 26.—In the Corps Legislatif yesterday, a bill was passed providing that four million francs in rentes be assigned as partial satisfaction of the claims of holders of Franco-Mexican bonds.

Shipping Intelligence.

SOUTHAMPTON, July 26.—The steamer Saxonia, from New York on the 12th, arrived this afternoon, and sailed for Hamburg.

DARMSTADT, July 26.—The American Minister, Mr. Bancroft, has arrived in this city, and presented his credentials to the Grand Duke.

Favorable Weather.

LONDON, July 26.—Reports received from all parts of the United Kingdom during the latter part of the week show that the weather has been highly favorable for the crops.

Paris Bourse.

PARIS, July 26.—Bourse weaker; rentes 69 francs 95 centimes.

LONDON, July 26.—Calcutta linseed oil closed firmer at 63s 3d@64s.

Democratic Nominations at Van Wert, Ohio.

Special Dispatch to the Commercial.

VAN WERT, OHIO, July 26, 1868.

The Democrats of Van Wert county assembled in convention yesterday and put in nomination the following ticket: Clerk of Court, Wm. Moneysmith; Prosecuting Attorney, John W. Steel; Commissioner, James Montgomery; Infirmary Director, Robert Pollock. Speeches were made by D. J. Callen and others. The attendance was moderate and proceedings boisterous and enthusiastic.

Flouring Mill at Forest, O., Destroyed by Fire.

Special Dispatch to the Commercial.

FOREST, O., July 26, 1868.

A large steam flouring mill, the property of L. W. Oswald, situated four miles northwest of here, was totally consumed by fire yesterday morning, between nine and ten o'clock. The fire originated about the smoke stack or engine room. Considerable grain and flour was destroyed. Loss between five and six thousand dollars; no insurance.

AN INCORRIGIBLE BOY.—On Saturday afternoon an Irishman living in Lawrenceville, now Seventeenth ward, brought a boy to the Mayor's office, whom he charged with being incorrigible, and who he said was only twelve years of age. The man said the boy, whom he had adopted, had become incorrigible, would mind nothing that he said, would steal and do other acts over which he had no power to control him. The little fellow, a bright, intelligent lad, wept when it became known to him that he was going to the House of Refuge, and from his appearance we would judge that his incorrigibility, if there was any, was induced by unkind treatment.

NARROW ESCAPE FROM DROWNING.—F. H. Eaton, Esq., and son and Dr. Arthurs, of this city, made a narrow escape from drowning while fishing with a seine in Chartiers Creek, on Friday evening. It appears that young Eaton had got into deep water before he was aware of it, and, his life being in danger, his father went to his rescue. Mr. Eaton himself came nigh drowning, and Dr. Arthurs went to his aid. Fortunately all three succeeded in getting to shore in safety.

THE FIRST PRESBYTERIAN CHURCH.—The First Church, Wood street, Rev. S. F. Scovel, will be closed for six weeks. During the interim many new and important repairs will be made to the church building, which will be completed in the time designated.

The members of the congregation are requested to attend religious services at Dr. Howard's, corner of Irwin and Penn streets.

WE invite the attention of our readers—more especially those belonging to the Democratic party—to the quotation in this day's paper from the speech of GEORGE H. PENDLETON, against the legal tender act. After the reader has finished, we ask him, if possible, to realize that the speech was made by the same GEORGE H. PENDLETON, who, as champion of the Democracy, has filled the land with his clamor for an almost unlimited issue of that which he declared would lead to private ruin, public bankruptcy and repudiation. And if the disgust and indignation of the reader is not already too great, we ask him to cast his eyes over the utterances of HORATIO SEYMOUR and the Chicago *Times*, which are appended.

SEYMOUR'S love for the soldier and sympathy for the government are illustrated by an incident which occurred in Albany when he was Governor. The 22d New York Regiment of Volunteers—at least what was left of them—on coming home marched to the Governor's residence, but instead of warm, hearty thanks they received only a few chilling remarks from SEYMOUR. This so cut Col. PHELPS that he stepped to the front and addressed him as follows: "Governor, if my men have done their duty I wish you would tell them so, and if not I wish you would tell them so. They left home over 1,000 strong, and returned with about 300 men fit for duty, the rest killed or unfitted by reason of service." With cheers for the Colonel but none for SEYMOUR, the regiment marched off—just what the soldiers will do in the present canvass.

IN a speech in Cincinnati Tuesday night last, GEORGE H. PENDLETON expounded the Democratic doctrine thus:

[illegible]

When Mr. PENDLETON has got his $2,500,000,000 greenbacks out, whereby to "pay the debt and stop the interest altogether," *will not the greenbacks after all represent a debt of* $2,500,000,000 *"in gold yet to pay?"* It is placing a very small estimate on the sagacity of men to suppose that the weakest minds cannot discover that either the debt will remain to be paid in gold, or will have been practically and effectually repudiated by converting it into a vastly excessive, therefore worthless, issue of paper money. Does Mr. PENDLETON think the people of this country are all knaves or fools?

IT may have escaped the notice of some that GEORGE H. PENDLETON wrote a letter a few days prior to the meeting of the Tammany Convention, declaring warmly for SEYMOUR as the man who commanded his entire confidence. PENDLETON knew well that SEYMOUR on the greenback question occupied ground diametrically opposed to him, as he (PENDLETON) occupied ground diametrically opposed to his present position when the five-twenties were authorized. Gen. PALMER, referring to the inconsistency of these men, exposes the game thus:

[illegible]

[From the Pittsburgh Post.]

THE COMMERCIAL wants to know whether the *Post* indorses Frank P. Blair. Of course the *Post* does, particularly the following:

[illegible]

The *Post* should know the temper of the party better than we; but we take the liberty to express the belief that BLAIR's revolutionary sentiments—now that they have been made the test—will be repudiated by thousands of Democrats, who prefer peace and prosperity to the turmoil and doubt which will certainly result from the success of the Tammany ticket. Let the *Post* stick to the issue it has so distinctly presented above.

THE dictatorial tone and growth in arrogance by the Southern Democratic press and leaders, since the Tammany Convention, is the most notable feature the canvass has developed. These organs of the party have taken the lead, and assume to dictate to Democrats North and South. For instance, the Richmond *Examiner* rebukes sharply Senators BUCKALEW and DOOLITTLE for dissenting from the revolutionary sentiments of BLAIR, and speaks of the "painful reflections" in view of the course [illegible] in which the Democratic platform is to be construed," says the *Examiner*, "it would be better to hold another Convention, and call it in." If it is not already, it is clear that the Democratic party soon will be under the leadership and control of the hot heads and the rebels who were the authors of the rebellion.

WE almost despair of ever procuring from the Pittsburgh *Post* answers to simple questions, for instance the following: After say $2,500,000,000 greenbacks have been ground out, wherewith to redeem a like amount of bonds, said bonds forming a part of the National Debt, how much of the debt will have been paid? Will the operation have amounted to anything more than an exchange of one obligation for another? And, after all, when you have got the bonds into greenbacks, and the greenbacks into the hands of our people, exclusively, including our laborers, who will have nothing else, and little of them, perhaps—what will the greenbacks be worth, except as the representatives of coin? Having got everything into greenbacks, and thus paid the debt, as the saying is, in what are you going to pay the greenbacks? Anything but gold? either that or repudiate them. And as to that, which party will be most likely to pay and which repudiate? If anything is to be repudiated why not the bonds? You say we have not agreed to pay the bonds in gold. Do you propose to pay greenbacks in anything else? Therefore, what in that respect will be made by the change? Won't something be lost on your own showing? Our neighbor of the *Post* is apt at answering questions; and we kindly invite his attention to these few queries; and perhaps he may conclude to favor us with a discussion of the questions they naturally suggest.

GEORGE H. PENDLETON has made another speech, wherein he repeats his plan for manufacturing greenbacks to pay the debt, but he throws no light on the question how the greenbacks shall be paid, or what they will be worth after the paper mill and printing press have performed their office. It is very fine for this original copperhead, who opposed the war, who opposed the original issue of greenbacks because they would be an unconstitutional and worthless currency, to propose now to fill the country with them, till a bushel basket full will not be worth a cent; but it will not satisfy the man of sense, who will have no difficulty in seeing through it as a scheme for repudiating the bonds, repudiating the greenbacks, repudiating the debt, and of gratifying that feeling with which PENDLETON, and all others who opposed the war for putting the rebellion down, and their Southern allies, have been animated for the last seven years. During the whole of this time they were either fighting the government or were opposed to the cause in behalf of which the bonds, greenbacks and debt were created. Is it natural, is it at all logical, is it in the remotest sense probable that they are better disposed towards the bonds, greenbacks and debt, than they were towards the cause? Repudiation is the beginning, middle and ending of the cause represented by Mr. PENDLETON. On what other ground can be explained the sudden and extraordinary zeal of the foremost and worst rebels, the SEYMOURS, the PENDLETONS, the VALLANDIGHAMS, and the rest of the army of sympathizers, to say nothing of the HAMPTONS, the FORRESTS, the WISES, the TOOMBSES and the like—we ask on what other hypothesis than that repudiation is their purpose, can the zeal of all these for the Tammany ticket be accounted for?

A CRY OF DISTRESS.

SENATOR WALLACE, Chairman of the Pennsylvania Democratic State Committee, has issued another circular in a style at once agonizing and painful. It moreover betrays alarm in view of the way things are drifting. It commands an immediate change of tactics. The key note is "*be your conduct be aggressive—defend nothing.*" The fact that the party has been placed palpably on the defensive by the Tammany ticket and platform has created wide-spread alarm. Word is therefore given to "defend nothing." But driven into a corner as the party has been, the order will prove a harder one than [illegible] execution. With the Tammany platform, foreshadowing a revolutionary purpose; with BLAIR writing a weekly letter filled with undisguised agrarianism, threats of war and shameless blackguardism; with the exultation of the rebel leaders and the defiant boast coming up from every part of the South that *with the election of the Tammany ticket will be won all that was lost by the failure of the rebellion*; with banners thrown out in Richmond, Charleston and the chief seats of treason, whereon is inscribed "*Secession is not dead but alive* [illegible]"—with these things ringing in the ears and offending the sight of the country, the injunction to the party to "defend nothing" but take the offensive on all occasions, becomes at once a cry of distress and a confession that the position of the party and its candidates cannot be defended. The circular is full of instructions to the Republicans. It expresses to them the weak point of the enemy. It will do very well for Mr. WALLACE to say attack and not defend; but it will not satisfy thousands in the Democratic party, who demand that many things in the Platform, and many more things uttered by the candidates, shall be explained, and to whom the circular is an insult, as well as a confession that no explanation is possible. We can regard the circular in no other light than as a cry of distress, extorted from the Chairman of the Democratic State Committee by the stress of the situation in which the party finds itself.

SHALL THE VERDICT OF THE WAR STAND?

Following the lead of BLAIR, the Democratic papers and speakers boldly present the proposition to overthrow the reconstruction laws by force as "the issue on which the pending canvass will turn." They propose to rip up things generally, and, as if to join issue with Gen. GRANT when he says "let us have peace," their purpose has been deliberately formed to resist the verdict of the ballot-box with the bayonet, and plunge the country in war. It is impossible to resist this conclusion. The issue involved in the canvass of 1868 is, therefore, identical with that of 1861. The denunciation of reconstruction, this clamor about the supremacy of races, these threats of forcible resistance to any result of Southern elections participated in by colored voters—these things foreshadow the deliberate purpose to practically reenslave the colored people of the South, to immediately and absolutely deny them every political right whatever, so far as possible roll back the wheels of Freedom and Progress, and destroy everything for which half a million men laid down their lives, and countless millions of money were spent. Precisely this, and nothing less, is contemplated by the leadership of BLAIR, the revolutionist and agrarian, to which the party has completely surrendered itself. The *World*, after deliberating on the subject, has come out with an unreserved indorsement of BLAIR's letter of acceptance, and says it distinctly presents "the great issue of the canvass." It is impossible to understand the situation which has thus led the party to revive the issue of 1861, which presents to the country no other question than, *Shall the verdict of the war stand or be finally set aside?* The presence in Tammany Hall, and the influence acquired in the councils of the party of the Southern politicians prominent in the early secession movement, and of leaders of the rebel armies, as less now leaders of the party into whose ranks, when they passed out of the ranks of the rebel armies, they naturally went, suggests an explanation. It is entirely true that these old rebel and new Democratic leaders understand the BLAIR issue precisely as we have stated it; for we find them, VANCE, of North Carolina, immediately following the Tammany Convention, distinctly asserting that with the success of the Tammany ticket will be won all that the South contended for in the war of the rebellion. This we find echoed by TOOMBS, HAMPTON, WISE—the Charleston *Mercury*, and other speakers and organs in the South. And a thousand things may be seen that have come to the surface since the Tammany Convention, all going to prove that a bold and determined effort is to be made to upset the verdict of the war and transfer the victory to the secessionists.

"SOMETHING THAT CHINKS."

The paper mill and printing press—otherwise the greenback plank in the Tammany Platform,—is sadly demoralizing the Democracy. It is no longer the bond of unity, but the apple of discord. It has begun to be found out that the people have some sense, and are able to understand that the reason that greenbacks are not worth as much as gold is because there are too many of them; that when the paper mill and printing press are put in motion manufacturing more greenbacks, for any purpose the value of the whole will be lessened, so that you have only to pursue the process to destroy their value altogether—which will be an effective way to repudiate the debt into which it is proposed to convert the greenbacks. The demoralization on this subject has already made such headway as to defy the skill of the doctors of the party. For instance: Thursday evening last, in Brooklyn, was a SEYMOUR and BLAIR ratification meeting, which, according to the *World*, was a "triumphant" affair. The principal speaker was Hon. S. S. COX, formerly of Ohio, a personal as well as political friend of Mr. PENDLETON, and the prospective candidate for Congress in the District where he resides in New York city. About "the finances" he had little to say, but that little was emphatic and significant, the following being the choicest part:

[illegible]

A falter or squarer backing out from the greenback idea with which the party started out with a flourish, there certainly could not well be. Mr. COX is not a repudiationist, evidently, for he says distinctly that he "*would never have another dollar of irredeemable, debauching, elastic greenback currency*"—a position in the very teeth of that taken by Mr. PENDLETON only a week before, in favor of an immediate issue of $2,500,000,000 more greenbacks. He would pay in nothing that is worth less than "*sterling coin*," and Mr. SEYMOUR is quoted to support the proposition. Is Mr. SEYMOUR then on the side of the "bloated bondholders?" Is it after all the Democratic doctrine to pay in gold—"something that chinks?" To this position the party is evidently coming. At any rate the stampede and demoralization have already commenced.

THE Senate has rejected JOHN L. DAWSON, nominated to be Minister to Russia, and confirmed H. M. WATTS to be Minister to Austria. The one is a Copperhead tainted with the repudiation idea, the other a Republican devoted to the preservation of the public faith. Thanks to the Senate.

GENERAL AND PARTICULAR.

The steamship America, for the Pacific Mail Company, was launched from Sneeden's yard, New York, Thursday. She is said to be the largest wooden vessel now afloat. Length, 370 feet over all; breadth of beam, 150 feet; hold, 33 feet. As the bow touched the water, the daughter of the President of the Company broke the usual bottle of wine, and gave the ship her name. The spectacle was a very animating one, and was witnessed by thousands of spectators on both sides of the river.

PERSONAL.

—Among the guests at Cresson, Pennsylvania is Mrs. Mary Lincoln, widow of the martyred President. She will remain until within a day or two before starting for Baltimore, to take the steamer for Liverpool, in company with her youngest son. Mr. Robert Lincoln, her eldest son, is superintending the arrangements for her departure. At her hotel, Mrs. Lincoln lives entirely secluded, taking her meals in private, and seeing little or no company.

—A Democrat writes to a Cincinnati paper of Democratic faith, and speaks his mind very freely in regard to the reception of the nomination. He says: "I will venture to say that not merely in Cincinnati, but throughout Ohio, not only in Ohio, but everywhere West of the mountains, the coolness with which the nomination of Mr. Seymour was received by the members of his party has no parallel in American political history. There are very few who are not more than dissatisfied; they are disgusted with the candidate; disgusted with the palpable trickery of himself and his supporters in New York."

—Since Seymour's nomination Wade Hampton has become editor of a South Carolina newspaper, that he may render more effective support to the Tammany ticket.

—Beecher's summer suit is a "heavy Leghorn hat and a serene, happy look."

—The visit of the Duke of Edinburgh to the Crystal Palace, on the 4th, was the occasion of a series of festivities of unwonted magnificence. Upward of 30,000 persons were present. The Duke was accompanied by the Prince of Wales and a distinguished party. Both Signor Mario and Mad'lle. Adelina Patti took part in the concert; and the new song which has been composed in honor of the Prince was the signal for an outburst of enthusiasm. The whole system of the fountains was put in operation, and late in the evening there was a display of fireworks.

STATE NEWS.

A sad affair occurred at Reed's Mills, near Osceola, Clearfield county, on Wednesday of last week. Mr. Morrison and John Higgins got into an altercation, which ended in Morrison striking Higgins with an axe, cutting a fearful gash in his neck, severing the jugular vein. Morrison was lodged in jail at Clearfield. At last accounts Higgins was still alive, but it was supposed he could not recover. Each of the men has a large family.

On Thursday evening a large rat entered a room in Huntingdon, wherein Mrs. H. G. Fisher's youngest child was sleeping, and commenced an assault upon its person, and bit its hand in several places. The family were absent and knew nothing of it until they returned.

Farmers from different parts of Lancaster county report that the wheat is nearly all harvested; the recently protracted dry weather having greatly facilitated the labor of gathering it into the barn. The crop is stated to be an average one, and in some localities there is reported to be more than an ordinary yield. Considerable anxiety is manifested by some farmers respecting the oat crop. Many think there will not be an average yield of this important grain.

An Opera House is among the talked-of improvements of Scranton.

A man named John Rollison was suddenly killed on Wednesday, 15th inst., at Gilmore's Coal Works, Fayette county. He was engaged in digging a cellar for Mr. Beazell, when the cut he was working at caved in upon him breaking his neck. He leaves a wife and family.

Mr. John Shaffer, one of the oldest citizens of Monongahela City, died on Wednesday last in the 76th year of his age.

General Grant's Offer of his Services in 1861—Letter from Senator Yates.

The following letter from Senator Yates, of Illinois, was written in reply to one asking for the information it contains:

WASHINGTON, July 8, 1868.

DEAR SIR: I received your favor of the 6th inst., inquiring whether the report is true that "General Grant begged me for a commission in the army while I was Governor of Illinois." I answer no. At the commencement of the war he came to me and modestly offered his services in whatever capacity he could be useful. He rendered important aid in the Governor's and Adjutant General's offices, and places of military rendezvous in the State. While he was absent on a visit in Kentucky, I offered him by telegraph the appointment of Colonel of the Twenty-first Illinois Infantry. He did not ask the appointment, and I have reason to believe that he knew nothing of my intention of tendering it until he received my dispatch, nor did he expect it. I never saw anything in General Grant before his appointment nor since that looked like begging me or any person for office. He has none of the ways of the professional office seeker, and his whole history shows place seeking him rather than him seeking place. When he called upon me he seemed to feel that he owed to the Government which had given him a military education the benefit of the knowledge, and that in the hour of her peril he should not be choice in the place assigned him in the service. I am sure he was moved by the most unselfish patriotism. Inclosed herewith, please find a copy of a speech delivered by me in the Senate on the bill to revive the grade of General of the Army, which details at greater length than is suitable to a short letter, the history of his first engaging in the military service in 1861, and of his connection with the raising of troops in Illinois; also, my views of the character and service of the great General, who, at the head of our brave boys in blue, crushed the rebellion, crowned our arms with victory, and saved the life of the nation. Yours, very truly,

RICHARD YATES.

OFFICE OF CITY ENGINEER AND SURVEYOR, Pittsburgh, July 17, 1868.
NOTICE.
The assessment for Grading, Paving and Curbing Mulberry alley from Smith to Taylor street, is now ready for examination, and can be seen at this office, until MONDAY, July 27, 1868, when it will be returned to the City Treasurer's Office for collection.
H. J. MOORE,
City Engineer.

NOTICE.
In pursuance of an order of the District Court of Allegheny county, made the 18th day of July, 1868, notice is hereby given to the late authorities of the several Districts of Pittsburgh, consolidated by Act of Assembly, approved April 6th, A. D. 1867, that the report of Commissioners appointed by that Court to ascertain the indebtedness, value the property, and the separate indebtedness of said districts, and fix a rate of special tax for the payment thereof, in compliance with the provisions of the before mentioned Act, will on the 8th DAY OF AUGUST, be confirmed absolutely unless objection be made to the rate of special tax fixed by said Commission, and a decree made accordingly.
JACOB H. WALTER,
Prothonotory.

TAXES, TAXES.
The Tax-payers of the Consolidated City of Pittsburgh are hereby notified that the Tax Books are now in the hands of the City Treasurer, ready for collection.
Taxes and Water Rents paid between the 1st of June and 1st of August will be received with a reduction of 5 per cent., and between August the 1st and the 15th of September, with a reduction of 2 per cent.
From the 15th of September to the 1st of October all Taxes will be payable as assessed. After the 1st of October 5 *per cent. will be added*; and on the 1st of November all unpaid taxes will be put into the hands of Collectors *with a further addition of* 5 *per cent.*, making a difference of 15 per cent. between those paying in July and those in November.
The State Mercantile Licenses are now due and should be paid on or before the 1st of July to save costs and expense of suit.

THE CELEBRATED
WALTER GRAPE.
After twenty-five years experience with the present tender and late varieties we know the Walter, now first offered, will restore confidence in grape raising. It never rots. Its abundant sugar raisins it in-doors or on the vine; it is a great grower and bearer, and now contains 146 clusters of bloom; is very compact in cluster at the East, which is an advantage in marketing. We have not known the foliage to mildew. It succeeds in dry and very wet soil. Is a seedling of the Delaware, crossed with the Diana, and better than either. Ripens before the Hartford, therefore, the earliest, hardiest and best variety. No. 1, one year, $5 each, in advance. Orders filled in rotation, while supply lasts. No charge for packing. Send stamp for beautiful cut and opinions of many vineyards.

700 MILES

OF THE

UNION PACIFIC

RAILROAD

Are now finished and in operation. One hundred and sixty miles of track have been laid this spring, and the work along the whole line between the Atlantic and Pacific States is being pushed forward more rapidly than ever before. More than twenty-thousand men are employed, and it is not impossible that the entire track, from Omaha to Sacramento, will be finished in 1869 instead of 1870. The means provided are ample, and all that energy, men and money can do to secure the completion of this

GREAT NATIONAL WORK,

At the earliest possible day, will be done.

The UNION PACIFIC RAILROAD COMPANY receive:

I.—A GOVERNMENT GRANT of the right of way, and all necessary timber and other materials found along the line of its operations.

II.—A GOVERNMENT GRANT of 12,800 acres of land to the mile, taken in alternate sections on each side of its road. This is an absolute donation, and will be a source of large revenue in the future.

III.—THE GOVERNMENT GRANT of United States Thirty-year Bonds, amounting to from $16,000 to $48,000 per mile, according to the difficulties to be surmounted on the various sections to be built. The Government takes a second mortgage as security, and it is expected that not only the interest, but the principal amount may be paid in services rendered by the Company in transporting troops, mails, &c. The interest is now much more than paid in this way, besides securing a great saving in time and money to the Government.

IV.—A GOVERNMENT GRANT of the right to issue its own FIRST MORTGAGE BONDS, to aid in building the road, to the same amount as the U. S. Bonds, issued for the same purpose, and no more. The GOVERNMENT PERMITS the Trustees for the First Mortgage Bondholders to deliver the Bonds to the Company only as the road is completed, and after it has been examined by United States Commissioners and pronounced to be in all respects a first-class Railroad, laid with a heavy T rail, and completely supplied with depots, stations, turnouts, car-shops, locomotives, cars, &c.

V.—A CAPITAL STOCK SUBSCRIPTION from the stockholders, of which over *Eight Million Dollars* have been paid in upon the work already done, and which will be increased as the wants of the Company require.

VI.—NET CASH EARNINGS on its Way Business, that already amount to MORE THAN THE INTEREST on the First Mortgage Bonds. These earnings are no indication of the vast through business that must follow the opening of the line to the Pacific, but they certainly prove that

FIRST MORTGAGE BONDS

Upon such a property, costing nearly three times their amount,

Are Secure Beyond any Contingency.

The Union Pacific Bonds run thirty years, are for $1,000 each, and have coupons attached. They bear annual interest, payable on the first days of January and July at the Company's Office in the City of New York, at the rate of six per cent. in gold. The Principal is payable in gold at maturity. The price is 102, and at the present rate of gold, they pay a liberal income on their cost.

The Company believe that these Bonds, at the present rate, are the cheapest security in the market, and reserve the right to advance the price at any time. Subscriptions will be received in Pittsburgh by

Jas. T. Brady & Co.,
Corner Fourth and Wood streets.

S. McClean & Co.,
75 Fourth street.

Hart, Caughey & Co.,
Corner Third and Wood streets.

Corner Fifth and Wood streets.

And in New York at the

Company's Office, No. 20 Nassau Street,

AND BY

John J. Cisco & Son, Bankers, No. 59 Wall street,

And by the Company's advertised Agents throughout the United States.

Remittances should be made in drafts or other funds par in New York, and the Bonds will be sent free of charge by return express. Parties subscribing through local agents, will look to them for their safe delivery.

A PAMPHLET AND MAP FOR 1868 has just been published by the Company, giving fuller information than is possible in an advertisement, respecting the Progress of the Work, the Resources of the Country traversed by the Road, the Means for Construction, and the Value of the Bonds, which will be sent free on application at the Company's offices or to any of the advertised Agents.

Is Your Disease Rheumatism?

Many persons supposing they are suffering from this disease, have applied Liniments, Plasters, and other Rheumatic Remedies without obtaining any relief, when in fact the cause of pain is a derangement of the Kidneys. These are small organs, but very important, and any obstruction or interference with its functions are indicated by pain in the back and loins, languor and weakness, difficulty in voiding and unnatural color of the urine. A Diuretic should at once be resorted to.

DR. SARGENT'S

Diuretic or Backache Pills,

Can be relied upon for these purposes; they have a direct influence on the cells of the kidneys, assists nature in relieving them of any foreign particles, and stimulates them to a healthy and vigorous action.

Dr. Sargent's Backache Pills,

Contain nothing injurious, being composed of entirely vegetable remedies; they do not sicken nor gripe—on the contrary they act as a gentle tonic and restore tone to the system. They are recommended by all who have tried them.

PRICE, 50 CENTS PER BOX.

An Awful Sentence.

With the season of fruit comes the dangers of that frightful pestilence—Cholera. What untold and indescribable misery it has brought into thousands of households in our land every year for centuries past. A specific and certain preventative as well as speedy and absolute cure for this awful disease is the Great Household Remedy, now known all over the world as Mishler's Herb Bitters. It will positively fortify the system against the attacks of Asiatic cholera, Cholera Morbus, Cholera Infantum, Diarrhœa, Summer Complaint, Dysentery, Cholic, Painters Cholic, &c. D. D. Bissell, M. D., Physician in-chief of the U. S. Hospital ship "Falcon" highly recommends it for Cholera, and has used it with marvellous success in such cases. It acts like an angel of mercy in every instance. Sold by all druggists and dealers. Dr. S. B. Hartman & Co., Proprietors, Lancaster, Pa.

Swinging Round the Circle.

There are fifty ways of alleviating the agonies of dyspepsia for the moment; but there is only one way to cure it. After "swinging round the circle" of temporary palliatives the patient finds that the disease, so far from being subdued, has actually gathered strength, while he has been parleying with its symptoms. The only way to get rid of the demon is to endow the stomach with sufficient strength to cast it out and keep it out. Impart permanent energy to the digestive organs with HOSTETTER'S STOMACH BITTERS, and the object is accomplished. This powerful vegetable remedy is not a mere stimulant. It does not brace up the gastric machinery for an hour or two, leaving it, when the temporary excitement has passed off, in a worse state than before. Such is the effect of the ordinary alcoholic nostrums. They keep the stomach in a perpetual see-saw between unnatural activity and utter relaxation. Not so the BITTERS. Medicated with the finest tonic, alterative and anti-bilious extracts, they permanently reinforce and continuously regulate the assimilating organs. Such is the experience of tens of thousands. At this debilitating season of the year, when the solvent principle of the gastric juice is weakened by a constant drain of the animal fluids through the pores, HOSTETTER'S BITTERS is an article of prime necessity for the week. To neglect the use of a tonic and alterative, so wonderfully efficacious and entirely harmless, is simply to forego the blessings of health and vigor, and voluntarily accept feebleness and discomfort in their stead.

SLEEPLESS, CRYING, TEETHING CHILDREN.

All know how unpleasant are those accompaniments of babyhood, and most intelligent persons know, also, the sad consequences to health, and often life, from the use of anodynes, cordials and similar baby doses used to quiet them. HUMPHREYS' SPECIFIC HOMEOPATHIC BABY'S PILLS (a pleasant sugar pill), which you may drop into the mouth at any time, give you everything to be desired in these cases. They calm excitement, allay the irritation of teething, relieve colic and bowel complaints, and procure natural and quiet rest, without the disadvantages of cordials or anodynes. They have been used for years and approved by all who use them [illegible].

FINANCE AND TRADE.

SATURDAY EVENING, July 25.

The money market, during the past week, continued to work with extreme ease. There is an increasing disposition, on the part of the banks and the bankers, to discount short paper at the prevailing low rates. In the East, loans on miscellaneous collaterals are made freely at four per cent., while on government securities the general rate is three, where the regular dealers are the borrowers. The supply of loanable funds is considerably in excess of the demand and there is no probability of any material change in the aspect of affairs for sixty days to come, although the rate of interest will probably be advanced to six and seven per cent. in September. The indications are, however, against stringency at any time this year, or indeed so long as the government is not a borrower, currency contraction remains stopped and trade continues as at present, devoid of speculative features. The monetary ease which prevails in New York extends to all the leading cities of the East and West and the reserve of national bank notes at the center is larger than usual. Moreover, the fact that Congress has authorized the issue of the new three per cent. certificates to nearly the amount of the compound interest notes outstanding, and that these will be issued to the banks in redemption of the latter as fast as they mature, all disturbance arising from their maturity will be guarded against.

—Gold is still firm at 143⅞. Less than a million went to Europe to-day.

—The New York railway share market was firm and steady at quotations. The temper of the market was toward higher prices. Cleveland and Pittsburgh advanced slightly, and it is currently reported that there is a movement that will send it much higher. Some parties claim that it will reach par. As usual on Saturday, transactions were light.

The following comparative statement, furnished by J. W. Kennedy, Broker, 80 Fourth street, shows the range of prices for the past week at the New York Stock Boards:

—The government securities are a shade stronger to-day. It is now believed that the Funding Bill is killed for the present, and as Congress will soon adjourn there will be no further disturbance in financial matters from that quarter. What the country now stands most in need of is increased confidence in the public credit, and this can only be produced by among other things, economy in the national expenditures and efficiency and honesty in the collection of the revenue. Thus far Congress has done a good deal of mischief by unsettling confidence in the value of our securities without conferring any corresponding advantages, while the policy of the Treasury Department has been equally bad. Consequently, with all our abundant resources gold is 143, against 125 in March, 1866. The case was very different in England after the termination of her wars with Napoleon, and the superior result there achieved was due mainly to her financial policy, which compelled a steady decline of the gold premium after 1815, and a resumption of specie payments in 1821. Yet the resources of Great Britain then were inferior to our own at the present time. With good financial management our bonds ought to command far higher prices than they have yet touched, and ultimately they will doubtless do so.

PRODUCE AND GENERAL MARKETS,

OFFICE OF THE PITTSBURGH COMMERCIAL, SATURDAY EVENING, July 25, 1868.

During the past week business has generally been very dull, and prices without material change from those reported at the close of the previous week. Flour has been moderately active with some improvement at the close of the week. There is little doing in grain. The receipts of leading articles of produce, if we except flour and wheat, continue very light.

Since our last issue we note the following: Flour, [illegible] bbls; apples, 35 bbls; cheese, 55 boxes; corn, 150 sacks; wheat, 2,328 sacks; rye, 14 sacks; oats, 703 sacks, and butter 48 packages.

We quote as follows, which are the current wholesale store prices, unless otherwise noted:

BACON, LARD, ETC.—Market quiet but steady at [illegible] for shoulders; [illegible] for ribbed and clear sides; [illegible] for sugar-cured hams; 18½c for lard and [illegible] for dried beef. Mess pork ₱ bbl $28 50 @29.

LARD OIL—Extra No. 1 is quoted at $1 40 ₱ gallon, and No. 2 at $1 15 ₱ gallon.

ASHES—Common and refined soda ash sold at [illegible], and pearls at 10c ₱ lb.

BUTTER—Choice fresh butter is in demand at 28@30c ₱ lb. The New York demand is large and takes most of the western receipts.

EGGS—Market quiet and unchanged, at 21@22c ₱ doz, for those in good order.

CHEESE—Market quiet and steady, at 13@14c for Western Reserve and Hamburg, 15@16c for Ohio Factory and 18@20c for Sweitzer.

APPLES—The receipts are good, but quality poor. We quote sales at [illegible] ₱ bbl.

POTATOES—Sales at $1 75@1 90 ₱ bushel, in good sized lots. At retail $2 ₱ bush.

HAY—Prime baled sold at $25@26 ₱ ton. At the [illegible]

Allegheny Diamond scales the new crop is selling at $20@30 ₱ ton, as to quality.

GRAIN—During the week past there has been very little change in prices of grain, and the demand and transactions very limited. Choice old red winter wheat sold by the car load at $2 25@2 30 ₱ bushel. New wheat sold at $2 15@2 25 ₱ bushel, very little at the latter figure. Corn is quiet at $1 05 for shelled and $1 00@1 07 for choice ear by the quantity. Oats are in limited receipt and firm by the car load at 78@80c ₱ bushel. No movement in barley.

FLOUR—Firmly held, and in most cases an advance is being asked. Good brands of bakers' flour can not be replaced at prices dealers have been getting for the past two weeks in this market. Stocks of choice flours, Minnesota and Wisconsin brands, are getting very low, and bakers are paying as high in some cases in Chicago as they have been bringing here. New wheat flours are not much wanted at any price, as they cannot be relied on for present use. There is nothing positive now, from general indications, of flour being very much lower for some time. The quality and quantity of wheat in many localities is reported as falling short of expectations.

T. C. Jenkins, of the Checkered Front, reports:

Dayton Snow Flake	$11 75
White River	11 25
Same in bags	11 25
Favorite	11 00
Crossett's and Hodsen's best	10 50
Ford's	10 25
Medium to good brands	10 00
Outside brands	9@9 75

He reports sales Saturday of 1,000 barrels mostly in this vicinity, and looks for good demand for two weeks to come.

WEEKLY REVIEW OF THE OIL MARKET.

OFFICE OF THE PITTSBURGH COMMERCIAL, MONDAY, July 27, 1868.

The following are the receipts of crude oil for the past week and from the first of January; also, the exports of refined and crude by the Allegheny Valley Railroad and the Pennsylvania Central, together with a comparison table with 1867:

	Crude Rec'ts by river and rail.	Exp'ts per Penn'a Central.	Exp'ts per Alle. Val. Railroad.

Same time 1867	612,681	92,453	236,595

BUSINESS.

Trade during the week was not very active. The sales show a large falling off as compared with the week ending, July 18. The decline in crude ranged from ¼@⅜c ₱ gallon, and in refined about the same. On Monday, Tuesday and Wednesday, the market was very dull, with very light sales. Later in the week the demand improved. It seemed pretty evident that holders would make no further concessions in order to effect sales. Towards the close of the week the market became firmer.

CRUDE RECEIPTS.

The receipts of crude show a falling off as compared with the week previous, as follows: Past week, 13,668; for the week ending July 18th, 16,022 barrels, being a decrease of 2,354 barrels. The receipts from January 1st to date were 643,966 barrels. the receipts for the same period in 1867 were 612,681 barrels, showing an increase for 1868 of 1,285 barrels, being the first time the receipts of this year exceeded last.

REFINED EXPORTS.

The following will show the week's exports: Per Pennsylvania Railroad, 5,139 barrels; per Allegheny Valley Railroad, 14,379 barrels; total, 19,418 barrels, against 16,374 for the week ending July 18th, being an increase for the week of 3,044 barrels. The exports from January 1st to date were 328,731 barrels, against 329,048 barrels shipped during the same period in 1867, showing a deficiency this year of 317 barrels.

SALES.

The week's sales were as follows: Crude, 23,550 barrels; refined, 29,000 barrels; total, 52,550 barrels, against 108,850 barrels for the week ending July 18th, being a falling off amounting to 56,300 barrels.

SALES FOR PAST FOUR WEEKS.

Refined	168,000
Crude	159,450
Total	327,450

CRUDE OIL—The market on Saturday was very dull. Buyers decided to hold off, the result was not a single operation was reported. Spot oil was held at 14c ₱ gallon.

BENZOLE—We are reported 1,000 barrels as follows: 500 barrels August, Philadelphia, 13c, and 500 barrels do, September, 13½c ₱ gallon; this included packages.

REFINED OIL—The market was devoid of activity. We did not learn of a single operation for present or future delivery. The quotations for standard white, Philadelphia, were: spot 33¾c, all July, 34c; lines extending to the end of the year 34¾c ₱ gallon.

LATER—Sales of 2,000 barrels as follows: 500 barrels September, 500 barrels October, 500 barrels November and 500 barrels December at 34½c; sales of 500 barrels September, buyers' option, at 25c.

PETROLEUM MARKETS.

PHILADELPHIA.

There was considerable activity in refined oil on Saturday one week ago, with large contracts both for present and forward delivery; but since the demand has fallen off and the market closes at a decline of ½c, with less disposition to operate. Sales reported by the *Commercial List* of 500 bbls crude at 22c; 2,500 bbls in bulk at 17c; 2,000 bbls do, first half of August at 17¼c, b. o.; 2,000 bbls do, first half of September, at 18c, b. o, closing nominal at 17c on the spot. W., August, at 34@34½c, b. o.; 1,000 bbls do do at 34¼c, b. o.; 1,000 bbls for first half of September, at 34¼c, b. o.; 10,000 bbls, September and December, at 35c, b. o.; 1,000 bbls each month, October, November and December, at 35c, b. o.; 3,000 bbls, September to November, at 34½c, b. o.; 1,000 bbls, October to December, at 34½c, b. o., closing at 34c on the spot; 34¼c for balance of the month; 34½c for August; 34¾c for September, October, November and December; and small lots of free oil sold at 35@38c. Residuum is very quiet and held at $3 50. Benzine is in better demand, with sales of 500 bbls for first half of August at 19c, s. o.; and 2,000 bbls for last half of August at 19c, s. o. There is a steady demand for lubricating oils, and prices are firm at the recent advance. Sales of 100 bbls Galena, 22 gravity, at 70c; 350 bbls, 27 gravity, at 45c; Volcanic is steady at 40@45c; American Natural at 50@65c; Longmoor at 35c, and Mount Farm at 25c; 40 bbls Sperm Lubricator at $1 30, and 150 bbls car oil at 35c. The receipts for the week were 5,165 bbls crude and 15,950 bbls refined. The exports were 1,813,862 gallons refined and 60,113 gallons benzine. Total for the week 1,873,975 gallons. Total exports since January 1, 1868, 19,452,100 gallons, against 14,444,538 gallons same time in 1867.

Flour and Grain at Chicago.

Messrs. Oliver & Hart, in writing from Milwaukee, July 24th, state that the market has been snugly cornered, with the usual excitement. Newhall at the head, with Smith, Kellogg, and the balance of the clique, laying back, prices rapidly advanced from $1 81½, Saturday last, to $2 16. These large figures have induced large receipts, and we anticipate at least 10,000 bushels a day this month, which will take the profits from the "corner," as no one estimates more than 75,000 bushels uncovered.

Of the growing crops all the disinterested and best informed agree that, with a continuation of present good weather, we will have a crop that will exceed any other for years past. One difficulty occurs, which many fear may be the means of losing some of the wheat, that is, it is all ripening at once, harvesting being general as far north as St. Paul. Nothing damaging has occurred since our last. The heated term then spoken of has somewhat injured the berry, but only in small tracts of high and old ground. Wheat can be bought for shipment at $1 82. There is, however, no demand. Receipts to-day, 10,000 bush. Shipments nothing. No. 1 $2 15; No. 2 nominal $1 74; No. 3 and rejected entirely so. Our stock on the 23d was 337,000 bush; same day 1867, 140,000 bush.

Receipts of wheat for the week ending July 23, 1868, 22,279 bush; same time 1867, 107,002 bush.

Shipments of wheat for the week ending July 23, 1868, 66,433 bush; same time 1867, 74,764 bush.

Receipts on crop since September 1, 1867, to date, 12,678,763 bush; shipments same time, 10,905,796 bush.

Shipments for the past week have been to the following points: By rail, 4,433 bush; Buffalo, 36,500 bush; Ogdensburg, 3,500 bush; St. Catherines, 11,500 bush; all other points, 4,500 bush.

Shipments since September 1st, 1867: By rail, 771,784 bush; Buffalo, 5,027,997 bush; Oswego, 3,098,822 bush; Ogdensburg, 349,550 bush; Cleveland, 483,064 bush; Erie, 108,675 bush; Toledo, 82,400 bush; Kingston, 973,819 bush; St. Catherines, 290,985 bush; Cape Vincent, 74,400 bush; all other points, 158,818 bush.

Flour—The demand for fresh ground spring wheat flour has been good, and sales show a movement in all grades. Many of the country mills have been obliged to stop for want of water and wheat. Our stock continues light with no prospect of improvement until new flour arrives. Sales of well known city brands: 300 bbls Stone at $9 37½; 500 bbls River-street, p. t.; 500 bbls Riverside, $9 55; 100 bbls Ontario, $9 50; 1,000 bbls Eagle, $9 25. Minnesotas—sales 150 bbls at $10, with good demand and no supply. Country brands—100 bbls Douglas at $9 12½; 100 bbls Leon, $9 25; 900 bbls choice country, $8 75@9; 700 bbls Golden Gate, $8 12½; 350 bbls superfine $6 50 @7 00.

Receipts for the week ending July 23, 1868, 6,832 bbls; same week last year, 10,859 bbls; since September 1, 1867, 1,267,246 bbls.

Shipments for the week ending July 23, 1868, 9,340 bbls; same week last year, 16,043 bbls; since September 1, 1867, 891,484 bbls.

Stock July 23, 1867, 8,675 bbls.

Oats—Supply only enough for local uses.

Provisions at Cincinnati.

George W. Phillips, Jr., in his circular, reports the market for provisions as having been dull and lifeless during the greater portion of the week. But a moderate amount of stuff was taken for consumption, and speculators had not sufficient confidence to operate. Notwithstanding this condition of the market, holders were careless about selling, and declined to make such concessions as would have been necessary to induce buyers to operate with any freedom. Purchases could not be made to any extent at my quotations, as holders on the appearance of a disposition to buy would at once put up their figures. Within the past two days orders have been received, though they were generally limited in price and at figures at which they could not be filled. To-day there was an improved demand for mess pork and lard and higher rates were realized, but other articles met with little attention, though a firmer feeling was manifested by holders.

Mess pork ruled quiet during the greater part of the week at $28; at the close there were buyers at this figure and some choice brands sold at $28 25, at which price it closed firm.

Lard was dull early in the week at 17¼c, but choice brands are now held firmly at 18c, with buyers at 17¾c. Keg scarce and nominal.

Bulk meats are neglected and prices remain about the same as last reported. Shoulders 11½c, sides 14c; clear rib 15c; clear 15½c, all loose.

Bacon was only in moderate request and prices are a shade easier. I quote shoulders 12½c; clear rib sides 16¼c; clear sides 16¾@16⅞c. Hams have been in fair request; sugar cured 19½@20½c; second pickle 18c; plain 17½c.

Plate beef dull at $19@20. Dried beef 18c.

RIVER NEWS.

Our River Correspondence.

CAIRO, July 23, 1868.

To the Editor of the Commercial:

The steamer Silver Cloud, 2, Captain J. B. Conway, arrived here at two o'clock P. M., with about 400 tons of freight for Cincinnati and Ironton. Business in St. Louis is very dull, and freight for the Ohio river very scarce. We have been having any quantity of hot weather; to-day is quite pleasant. All well on board. Will let you hear from me again. Yours, respectfully, JAS. T. H.

THE tow boat Monitor, and keel boat Princess leave for Parkersburg and way ports this day at noon.

THE river was swelling on Saturday, but came to a stand yesterday. There is almost thirty inches in Glasshouse. The Monitor departs for Parkersburg to-day at noon.

PASSING through the canal at Louisville, the snag boat Petrolia failed to signal the man at the draw in time, and she ran against the bridge, knocking down both of her chimneys.

THE changing of the channel of the Missouri river at Weston, enabling steamboats to land immediately at the town, has greatly revived the hopes of the citizens there in the future prosperity of the city.

THE following are given as the dimensions of Captain De Haven's new boat, to be built at Jeffersonville: The length of the keel will be 350 feet; length over all, 365 feet; breadth of beam, 63 feet; width over all, 107 feet.

CINCINNATI.—Capt. Vincent Shinkle sold the Spray to Capt. James Howard and Mr. John Sarofe, for $6,500. She left for Maysville last evening, in place of the T. J. Pickett, and will make tri-weekly trips hereafter. Capt. Howard is in command, and Mr. Francis M. Stephenson in the office.

THE ship carpenters and caulkers at Madison, Indiana, have plenty of work to do, but can't make full time of late on account of the oppressive weather. Some of the men while working in the hold of a boat one day last week took a thermometer down with them, the mercury in which at once ran up to 150 degrees.

KEOKUK, July 24.—The Lucy Bertram arrived from St. Louis at 3:30 P. M., and departed for the upper river this place at 1:30. The river declined one inch. Weather delightfully cool compared with the heated term just passed. Thermometer down to eighty-two degrees.

DUBUQUE, July 24.—Weather pleasant, with fresh north breezes. The river rose one inch. The channel is worn so that boats go through to St. Paul. The Addie Johnson left for below, the Minnesota passed up with one barge, the Reserve passed down. Freights scarce.

DUBUQUE—The *Herald* says: John Robinson's circus company came down the river Sunday night with their boat, the Coosa, and stopped at Eagle Point to wood up. After taking aboard several cords, the price was asked, and $5 per cord demanded. This they refused to pay and commenced throwing the wood overboard, when their actions were opposed by two Germans, wood dealers, one of whom had a gun. This was the signal for an attack on the two men. Several of the boat hands came ashore, took the gun from the owner, struck him over the head with it and then threw it into the river. The injured man lies in a critical condition. A warrant was made out for the arrest of the offenders, but it being dark, and before the documents could be served, the boat put off down the river.

SUICIDE OF CAPT. E. MORGAN.—The St. Louis *Democrat* furnishes the following additional particulars: Captain Morgan was a native of Brownsville, Pa., and born in 1817. His family were Quakers. In 1836 he was engineer on the steamer Lucy Madison, running from Pittsburgh to St. Louis; and since that time—with the exception of the past two years—has been upon the western waters, most of the time in that capacity, where he was regarded as one of the very best in the profession. For a while during the war he commanded a gunboat—the Lafayette, if we remember correctly—in the Federal service, and from the first himself and family were loyal to the core. He leaves a wife and three sons and daughter, all grown, besides relatives in Pennsylvania, Maryland and Havre de Grace. Scores of warm friends will mourn his untimely end.

THE Cincinnati *Commercial* of Saturday has the following:

The G. A. Thompson, while on her way to New Orleans, Thursday evening, with two barges in tow, struck the bar at Cullom's Riffle and swung down on the rocks, knocking a hole into one of her barges, loaded with railroad iron. The hole was not discovered, and the barge, becoming full of water, sunk at Medoc Bar.

Captain Andy Robinson, jr., is sojourning near St. Paul, Minnesota, and is perfectly captivated with the beautiful and picturesque scenery bounding the falls of Minnehaha.

The New York has been chartered for the Memphis trade, during the low water season, by the Memphis Packet Company. Captain Frank Stein will have command of her.

Captain James P. Jack is in the city, stopping at the Metropolitan.

Col Bart. G. Lieper is here on a short visit, and is holding forth at the Broadway.

The R. C. Gray received 140 tons of railroad iron yesterday, 40 tons of which is from the sunken barge of the Charleston.

The General Lytle, on Thursday evening, ran into a tow of barges and sunk one of them.

GET A GOOD SAW,

And Your Mill will do Good Work

Our Saws are Oil Tempered, Patent Ground, made to Run well.

You will find each Saw of one temper, no hard and soft spots in the same saw.

We accomplish this by our Patent Tempering Process, and you can not get this from any other saw maker, as we own the patents for the United States.

We do not claim to make a cheaper Saw than any one else, but one that will run at the word go, and will give no trouble, and will keep round longer; because being uniform with temper, it will not wear on one side faster than the other.

We invite correspondence, or an interview with the practical man of your firm.
